Company Overview

Comet Group has accumulated the most extensive portfolio of foodservice and professional kitchen products available in Egypt, Comet Group now owns the most exclusive professional branches, showrooms and factory to achieve the quality standards that the market demands locally and globally.

COMET GROUP^{S.A.E}
Hotel & Touristic Project Equipment

Vision

Comet Group's vision is to become the market leader for commercial kitchen equipment in the Middle East & Africa. We provide the highest service & product quality to our clients to become partners of excellence in what they do.

Mission

Our mission is customer satisfaction through our deep market knowledge and prolonged experience by our professional team, we provide premium commercial kitchen equipment that foodservice and culinary professionals can trust to work with and deliver high quality food.

Timeline of Experience

Established	1992	Comet Group was established in 1992 by Eng. Medhat Bahnassy the Chairman with a previous experience of six years in the field of designing, supplying, and installing kitchen, food service, bakery & pastry and laundry equipment for hotels & touristic projects. With an incredibly ambitious vision, we aimed to not only meet but set new standards that exceed the existing local and global ones, it was our belief that we must evolve ourselves and our market.
Sharm El Sheikh	1999	In 1999, Comet Group established its first branch and showroom in Sharm El Sheikh with an extended vision of serving existing and new hotels with special kinds of service using a qualified team of sales, administration, engineers and technicians. Huge investment, focus, specialization and hard work allowed Comet Group to guarantee its clients a special kind of high-quality service to achieve the quality standard that the market demands.
Hurghada	2011	In 2011 Comet Group established its new branch in Hurghada, thus a new luxury showroom in the red sea area offering a variety of services to our clients for all kitchen, bakery, pastry and F&B equipment and small kitchen tools.
Qatar-Doha	2012	In 2012 Comet Group expanded to cover the gulf area by opening a new branch in Doha - Qatar (Comet Group Qatar) with the same concept of high quality service supporting our business with a qualified and experienced technical team.
Comet Group for Industry	2020	In 2020 Comet Group for Industry , the biggest step in comet group's evolution thus far, a fully-fledged manufacturing facility that doubles as our administration and showroom on Egyptian grounds.

Colged

Colged was established in 1952. In 1957 the first commercial dishwashers were produced and due to their robustness and reliability, they immediately earned themselves an important place in the market. These characteristics remain important today. **In 1992** the company was bought by the Eurotec Group that in 2000 became part of the multinational American company ITW listed in Wall Street's Standard & Poor's Index with a consolidated turnover of 14 billion dollars and 700 companies worldwide. Today Colged is a leading-edge company for whom innovation, quality, professionalism and full staff involvement are the elements that make it the world leader in professional glasswashing by the number of machines produced.

Magister

Since the very beginning, the ambitious industrial goal of the Company was to become an established player on a global scale, thanks to an extremely advanced know how. Magister actually decided simply not to assemble components, but to produce their coffee machines as a result of very accurate design, with relevant investment in research, betting on the development of technical and procedural innovation. As in the following Magister products, constantly updated in terms of design and aesthetics, made a cornerstone of the traditional engineering and the unique features of the “Made in Italy”. The models Kappa and KXP are a clear example of this, bringing out aesthetics and design care in accordance to the traditional values of Magister. The Stilo range gave further impulse to the brand, that achieved several goals internationally. This was all clearly visible in the very first model, named System, whose quality and solidity immediately received a widespread appreciation.

Venix

Venix products are distinguished by design choices inspired by the values on which Venice built its success and a thousand years of tradition: quality achieved through creativity, innovation, constant travel around the world, ease of use, effectiveness and performance.

For many centuries, Venetian products were the result of a formidable combination of beauty and business, and boasted a unique capacity to succeed on international markets. These same principles inspired us in the development of our range of modern products for food preparation – one of the most important activities in our daily lives.

Manufacturing Overview

Comet Group for Industry Manufacturing is the future for Egypt, and we set the standards in the Egyptian foodservice industry, our focus is to use our knowledge and experience in the industry as well as our partnership with our European brands that we worked with for so long to enhance the quality of the commercial kitchen equipment manufactured in Egypt to deliver the value and reliability your operation needs even in the most demanding kitchen environments. This is our biggest step in our growth, a fully developed manufacturing facility with an administrative building and showroom claiming to be the best in the market by international standards as our goal is to fulfill our local market needs and furthermore expand to the global market.

Buffet Counters

For 10 years we have been focusing part of our activity in upgrading the buffet tables industry in Egypt to achieve the necessary results and needs of using the hot & cold buffet tables. We have supplied and changed more than 100 buffet tables projects in existing and new -5stars hotels & resorts in Egypt. Now we have the experience to present the best & most efficient buffet tables within different designs and minimum investment matching with all dining restaurants' capacity and toning the interior design.

Company Projects

Our name is synonymous with success and reliability, we worked with some of our country's greatest establishments, and over time we accumulated the most extensive catalog of foodservice products available in Egypt. For the last three decades, Comet Group has provided foodservice related projects from A-Z for a large number of hotels, restaurants, hospitals and touristic projects in Egypt and the Middle East. Comet group has built a vast portfolio of clients with some of the biggest international hotels, resorts, restaurants and hospitals.
