

COMPANY PROFILE

Welcome to
INNOVO

In a changing world, with new ways of collaboration, work and communication in office spaces, Innovo is committed to quickly adjust to new benchmarks, availing to customers innovative office solutions. For the past 10 years, Innovo has instilled its position as one of the industry leaders in delivering solutions in Egypt's office furniture market, with solid leading milestones in acoustic solutions.

With a strong creed in offering customized state-of-the-art office solutions, Innovo brings leading international office furniture brands into the market, tailored to the functional needs of our customers. From small office spaces to vast multi-floor headquarters, our office furnishing solutions are scalable and customizable to meet our customers' space requirements, headcount, departmental functionalities and – most importantly – budget.

We at Innovo, are eager and enthusiastically envisioning expansions and development plans to bring quality and value to our customers' offices, while stretching our reach into the African market.

We believe that "market challenges" bring out the best of us!

Ayman Elbaz
MANAGING DIRECTOR

A STORY BEHIND EVERY PRODUCT

Our 360° ergonomic formula for corporate and education workplaces brings leading European furniture brands right in the heart of our customers' offices. From task chairs, desks, workstations, and smart acoustic solutions to fully-furnished buildings, we bring the best-tailored solutions to your place from basic to sophisticated solutions.

INNOVO offers a unique blend of innovative design, healthy posture support, and smart space utilization with unmatched value for money from international furniture manufacturers, who have been leading the global market for over 50 years.

At INNOVO, we dive into our customers' space and digest their corporate values to tailor an office design that tells their story forward. From brand colors, organizational structure, brand values and corporate manifesto, each project is delivered to blend all brand pillars and create a magnificent experience that welcomes employees and guests every day.

Our certified and diligent project management team and skilful technicians work round the clock, assuring timely installations of quality, with no disturbances to business processes and delivering each project with the highest level of customer satisfaction. Our duty does not end with our delivery. We offer unique after-sales and preventive maintenance solutions that ensure our customers' office assets are operating uninterruptedly.

ACOUSTICS

THE IDEAL SILENCE FOR WELLNESS

Design is our passion. INNOVO's acoustic solutions increase work efficiency by establishing acoustically isolated work areas that match customers' business needs, bringing peace of mind away from a noisy work environment. Our sound-absorbing products guarantee the flexibility of open spaces and the acoustic comfort for each type of function, whether in meeting rooms, casual spaces or open work areas.
