**“What makes Future Office Furniture unique is not only its innovative designs, but also the massive effort we put into translating a design into a product that complies with design specifications. These innovations are driven by the unrelenting commitment and inspiration of our talented team” –**

Mr. Fathy Elsify  
Chairman

These are the words of a passionate man who changed his condition of origin with character and motivation. A virtuous path that from a design engineer led him to be a successful, curious and tireless entrepreneur. The few means available were not a limit, but a constant stimulus.

For the past two decades, we have aspired to stay up-to-date with the increasingly fast-paced lifestyle by creating the most productive work environment for our clients. Since our clients' success is our success, we go the extra mile in terms of exceptional quality, work ethics and design novelty.

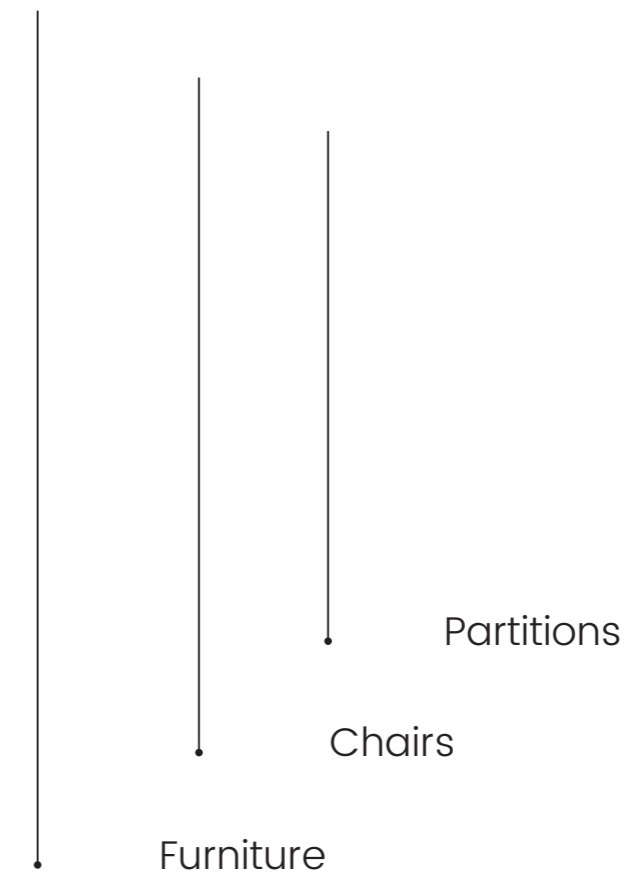

Mr. Amr Elsify  
CEO

Futures' story is one of passion and ambition. The unstoppable emotion of two generations of entrepreneurs and their desire to stand out have inspired half a century of history of office furniture. Future has embraced, with clairvoyant and unrelenting dedication, the stylistic evolution of its products and the technical evolution of manufacturing processes. A story highlighted by success and fulfilment.

## THE PRODUCTS

Future manufactures furniture, seats and partition walls for offices that are designed to address a demanding and constantly evolving international market. Style and quality are the highlights of each and every collection. The evolution of office work and “smart working” trends have inspired innovative products that integrate materials and finishes to meet the “total look” logic.

MEANINGFUL FIGURES

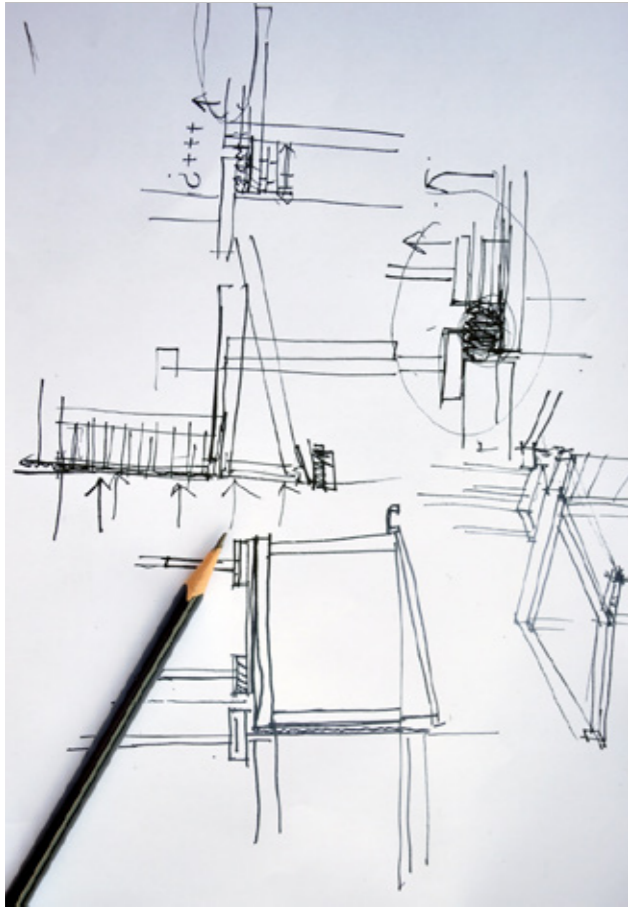

# 4

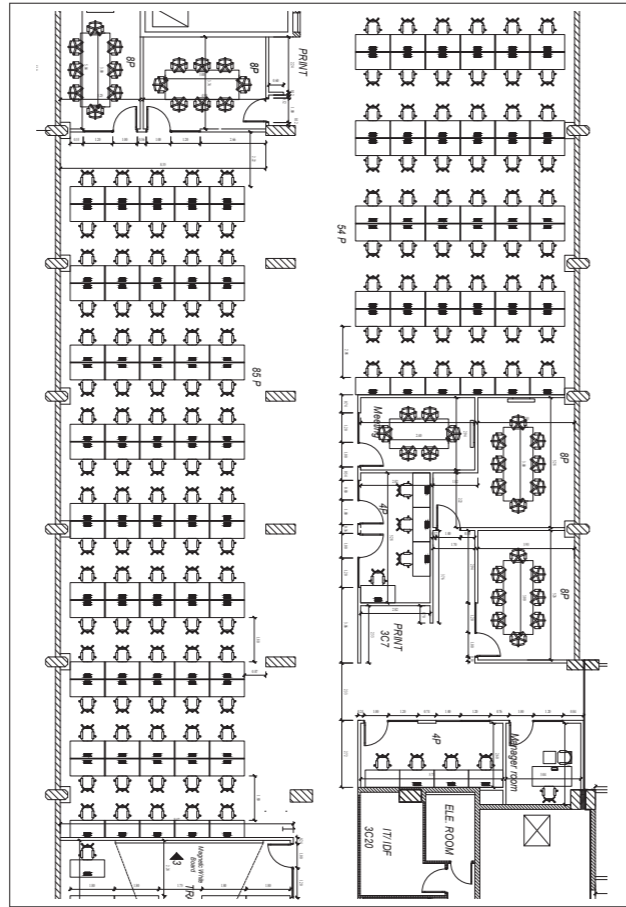

Future goes beyond the limits of industrial production and stands out as the ideal partner in office and workspace design and construction processes. An integrated approach that keeps into account the customer's needs across the entire cycle: consulting, design, supply and installation. A comprehensive management of processes that involves architecture and furnishing skills, besides creativity and experience.

CREDITS

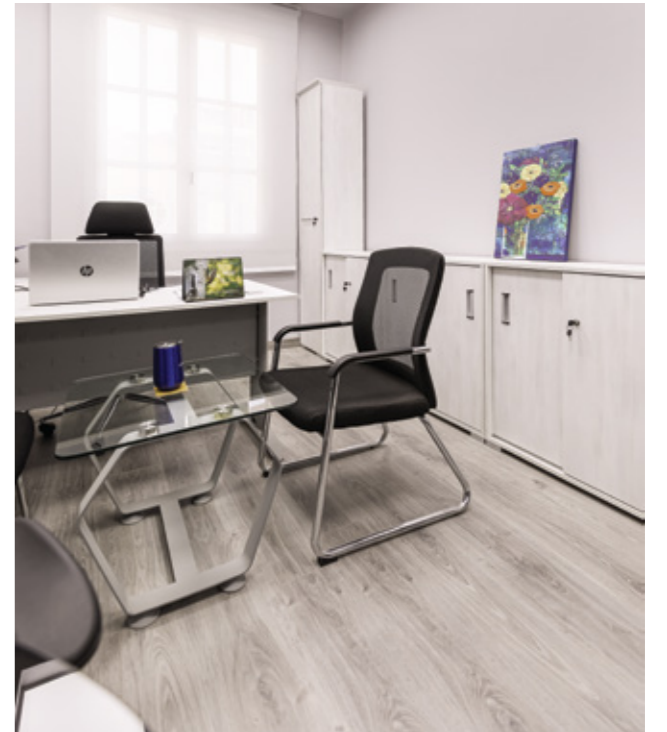

Future works successfully for Egyptian and foreign customers, always satisfying their different needs and taste. Prestigious supplies for important fashion brands, companies, banks and insurance companies testify to the reliability and precision with which the company has faced the market over more than twenty five years of history. A curriculum that stands as a reassuring guarantee for present and future customers.
